PICKLEBALL

It’s the fastest growing sport in North America experiencing a staggering boom with more than 1.37 million Canadians playing the game.

PADS

Established in 1987, Pacific Assistance Dogs Society (PADS) has been breeding, raising, training and placing life-changing assistance dogs for over 37 years. Our service (mobility & PTSD) and hearing dogs provide life-changing independence to those with disabilities. Our accredited facility dogs work with community professionals, such as teachers, RCMP, and psychologists to help support healthy communities.

qATHET PICKLEBALL ASSOCIATION

The qathet Pickleball Association (qPA) was established in 2023 by a dedicated group of pickleball enthusiasts to support and promote the development and growth of pickleball in Powell River and the qathet region. Our vision is to cultivate an inclusive welcoming space where people of all ages, levels and abilities can easily access, learn and enjoy the game of pickleball. Through providing indoor year-round recreational and competitive play, we aim to promote intergenerational play, skill development, and social interaction, all contributing to the overall health and well-being of our community.

ALL DAY COMMUNITY EVENT

This community charity event is expected to draw hundreds of visitors from our local community, the lower Sunshine Coast and Vancouver Island. **Dinks and Drinks for Dogs** is a full-day community event celebrating pickleball, pups, and local pride — all in support of PADS. With fun activities for kids and adults, a “Pickleball for All” dinking only event, and a lively evening social, this event brings together Powell River’s dog-loving pickleballers for fun, fundraising, and community connection.
